

Palm Beach, Mar-a-Lago, and the Rise of America's Xanadu

Les Standiford

Atlantic Monthly Press

Hardcover

On sale: November 5th, 2019

ISBN-13: 9780802128492

\$27.00

From the author of the bestselling *Last Train to Paradise*, an unparalleled history of Palm Beach. Iconoclastic in all the best ways, Standiford reaches beyond the myth of this island's storied beaches – and even its most infamous residence: Mar-a-Lago – to reveal an even more unlikely story of real-estate and corruption.

"Hubris and gilded dreams are good subjects for Standiford, who has previously written about Henry Frick and Andrew Carnegie, among others; he artfully captures small moments while maintaining the historian's broader view."

Is There Still Sex in the City

Candace Bushnell

Grove Press

Hardcover

On sale: August 6th, 2019

ISBN-13: 9780802147264

\$26.00

Twenty years after her seminal first book *Sex and the City* reshaped the landscape of pop culture and dating with its fly-on-the-wall look at the mating rituals of the Manhattan elite, the trailblazing Candace Bushnell delivers a new book on the highs and lows of dating after fifty. Drawing from her own experience, in *Is There Still Sex in the City?* Bushnell spins a smart, lively, satirical story of love and life from all angles: an indispensable companion to one of the most revolutionary dating books of the twentieth century.

"Bushnell [is] the modern flame carrier of an established literary tradition: that of American ... women writers depicting the rigid social and slackening sexual rules of a very particular American set."
